Meet the contractor

Public exhibitions

As the contractor responsible for the design and construction of the A9 Dualling: Luncarty to Pass of Birnam project, Balfour Beatty is extending an open invitation to local residents to learn about the major construction works scheduled to begin over the coming months to upgrade this section of the A9 to dual carriageway.

As part of our ongoing commitment to engage with communities, we are offering residents of Bankfoot, Stanley and Luncarty the opportunity to meet with the key people involved in the project, to view our plans for the new road layout and to hear first-hand how this significant infrastructure project will benefit the surrounding communities.

Balfour Beatty's senior team members will be joined by our designers Atkins, Transport Scotland, and its consultants, Jacobs who will be on hand to answer any questions regarding the planned works.

Project Enquiries - 0800 193 7313 or A9L2B@balfourbeatty.com
