Dear Neighbour,

We are writing to inform you of planned works on the Queensferry Crossing's South Approach Viaduct, which involves final painting of the steelwork from suspended temporary under deck platforms.

To facilitate these necessary works between 30 April 2019 to 20 May 2019, temporary traffic management restrictions will be required on Society Road between the hours of 8pm and 6am on an intermittent basis to facilitate the assembly and disassembly of the temporary underdeck platforms between the South Approach Viaduct Piers.

The traffic management employed will consist of a traffic light controlled stop/go system, enabling works to be undertaken at height from a mobile elevated working platform or using rope access specialists.

Once in service, the underdeck platform will be fully encapsulated allowing the final painting works to be completed without disruption to local traffic.

We would like to take this opportunity to apologise, in advance, for any inconvenience our activities may cause and also to thank you for your patience and consideration to date.

**The times indicated can be influenced by many factors and may change without warning near or during the time of execution. Also, the overall duration of each element may require to be extended to achieve completion should unforeseen circumstances be encountered.**
