Attachment 3.2 Details of the Operating Company's Central Office, Depots and Offices

Details of the Operating Company's Central Office, Depots and Offices

1. DETAILS OF THE OPERATING COMPANY'S CENTRAL OFFICE

1.1.1 The Operating Company shall base its Central Office at **Perth**

FIGURE 1.1.1/A – LAYOUT PLAN OF CENTRAL OFFICE AT PERTH

Figure 1.1.1/B – Layout Plan of Central Office at Perth

REDACTED

2. DETAILS OF THE OPERATING COMPANY'S CONTROL ROOM

2.1.1 The Operating Company shall base its control room at **Perth**

Figure 2.1.1/A – Location Plan of Control Room within the Central Office

As Figure 1.1.1/A above.

Figure 2.1.1/B – Layout Plan of Control Room

Not currently available

- 2.1.2 The Operations to be undertaken at the control room shall be as follows:
 - Incident management
 - journey time reliability Operations
 - operational resource management/despatch
 - Winter Service planning/monitoring
 - Multi Agency Response Team engagement
 - media and correspondence management

3. PRIMARY DEPOTS AND OFFICES (IN ADDITION TO CENTRAL OFFICE AND MAIN DEPOT)

3.1.1 The Operating Company's primary depots and offices shall be as follows:

OPERATIONAL DEPOTS	
Ullapool	Figures 3.1.1/A
Dunbeath	Figures 3.1.1/B
Golspie	Figures 3.1.1/C
Inverness	Figures 3.1.1/D
Kingussie	Figures 3.1.1/E

Ullapool	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	Facilities to support ISU Station.

Figures 3.1.1/B – Location Plan for Primary (Operational) Depot – Dunbeath

DUNBEATH	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	Efficient delivery of operations
	 Well-located for the A9 and A99
	Operational resilience
	 3000t capacity Salt Barn
	 Well located to aid and receive assistance from Golspie depot
	Resourcing
	 Workforce drawn from existing resources delivering NW 4G Contract
	Socially and environmentally sustainable
	 Rural location with no impact on residential areas through noise or traffic.
	On site waste facilities
	 Established depot requiring refurbishment

Figures 3.1.1/C – Location Plan for Primary (Operational) Depot - Golspie

GOLSPIE	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	 Efficient delivery of operations Well-located for the A9 trunk road. Operational resilience Proposed 1000t capacity Salt Barn Resourcing Located close to several urban populations for recruitment of workforce Socially and environmentally sustainable Industrial location with minimal impact on residential areas through noise or traffic Already fully compliant Environmentally
	 Fully established Depot requiring some refurbishment

Figures 3.1.1/D – Location Plan for Primary (Operational) Depot - Inverness

INVERNESS	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	Efficient delivery of operations Well-located for maintaining the A96
	Operational resilience 7000t capacity Salt Barn
	 Well located to aid and receive assistance from Kingussie and Golspie depots
	 Well located to provide Mutual Aid to adjacent OC and The Highland Council
	Resourcing
	 Workforce drawn from existing resources delivering NE and NW Contracts
	Socially and environmentally sustainable
	 Industrial Estate location with no impact on residential areas through noise or traffic
	 Already fully compliant Environmentally
	 Fully established Depot requiring some refurbishment

Figures 3.1.1/E – Location Plan for Primary (Operational) Depot - Kingussie

KINGUSSIE	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	Efficient delivery of operations
	 Well-located for maintaining the A95
	Operational resilience
	 5000t capacity Salt Barn
	 Well located to aid and receive assistance from Inverness and Kintore depots
	 Well located to provide Mutual Aid to adjacent OC and The Highland Council
	Resourcing
	 Workforce drawn from existing resources delivering NW Contract
	Socially and environmentally sustainable
	 Industrial Estate location with no impact on residential areas through noise or traffic
	 Already fully compliant Environmentally
	 Fully established Depot requiring some refurbishment

Figures 3.1.1/F – Location Plan for Primary (Operational) Depot – Ardelve

ARDELVE	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	Efficient delivery of operations
	 Well-located for the A87 trunk road.
	Operational resilience
	 Proposed 2,500t capacity Salt Barn
	Resourcing
	 Workforce drawn from existing resources delivering NW Contract
	Socially and environmentally sustainable
	 Industrial location with minimal impact on residential areas through noise or traffic
	 Already fully compliant Environmentally

Figures 3.1.1/G – Location Plan for Primary (Operational) Depot - Corpach

CORPACH	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	Efficient delivery of operations
	 Well-located for the A830 and A82 trunk roads.
	Operational resilience
	 Existing 3,000t capacity Salt Barn
	 Well located to aid and receive assistance from Inverness, Oban and Ardelve depots
	 Well located to provide Mutual Aid to The Highland Council
	Resourcing
	 Workforce drawn from existing resources delivering NW Contract
	Socially and environmentally sustainable
	 Industrial location with no impact on residential areas through noise or traffic
	 Already fully compliant Environmentally
	 Established Depot that will benefit from some infrastructure upgrades.

Figures 3.1.1/H – Location Plan for Primary (Operational) Depot - Oban

Landlord/Agent	
	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	Efficient delivery of operations
	 Well-located for the A85 and A828 trunk roads.
	Operational resilience
	 Existing 1,600t capacity Salt Barn
	 Well located to aid and receive assistance from Corpach and Inveraray depots
	 Well located to provide Mutual Aid to Argyll and Bute Council
	Resourcing
	 Workforce drawn from existing resources delivering NW Contract
	 Additional recruitment from Oban and surrounding area
	Socially and environmentally sustainable
	 Industrial location with no impact on residential areas through noise or traffic
	 On site waste facilities
	 Established depot requiring some refurbishment.

Figures 3.1.1/I – Location Plan for Primary (Operational) Depot - Inveraray

INVERARAY	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	 Efficient delivery of operations Well-located for the A83 and A85 trunk roads. Operational resilience Existing 2,000t capacity Salt Barn Well located to aid and receive assistance from Oban and Killin depots Well located to provide Mutual Aid to Argyll and Bute Council Resourcing Workforce drawn from existing resources delivering NW Contract Socially and environmentally sustainable Industrial location with no impact on residential areas through noise or traffic On site waste facilities Established depot requiring refurbishment

Figures 3.1.1/J – Location Plan for Primary (Operational) Depot - Machrihanish

MACHRIHANISH	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	 Efficient delivery of operations Well-located for the A83 trunk road. Operational resilience Providing winter service for A83 and resource for the Rest and Be Thankful Resourcing Lochgilphead and Inveraray. Socially and environmentally sustainable Industrial Estate location with no impact on residential areas through noise or traffic
	 Possibly a shared existing facility with A & B council.

Figures 3.1.1/K – Location Plan for Primary (Operational) Depot - Killin

KILLIN	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	Efficient delivery of operations
	 Well-located for the A85, A84 and A82 trunk roads.
	Operational resilience
	 Existing 2,600t capacity Salt Barn
	 Well located to aid and receive assistance from Inveraray and Perth depots
	 Well located to provide Mutual Aid to Stirling Council
	Resourcing
	 Workforce drawn from existing resources delivering NW Contract
	Socially and environmentally sustainable
	 Industrial location with no impact on residential areas through noise or traffic
	On site waste facilities
	 Established depot requiring some refurbishment

4. Secondary Depots

4.1.1 The Operating Company's secondary depot(s) shall be as follows:

WINTER ONLY DEPOTS	
Ballachulish	Figures 4.1.1/A
Ballinluig	Figures 4.1.1/B

Figures 4.1.1/A – Location Plan for Secondary (Winter) Depot - Ballinluig

BALLINLUIG (Winter Depot)	
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	Efficient delivery of operations
	 Well-located for the A9.
	Operational resilience
	 Placed to provide winter resilience during snow events from A9 Pitlochry and A9 Trinafour
	Resourcing
	 The depot is facilitated during winter with operatives from Ballinluig and Pitlochry
	Socially and environmentally sustainable
	 Rural location with no impact on residential areas through noise or traffic
	 Established Depot that will benefit from drainage upgrade

Figures 4.1.1/B – Location Plan for Secondary (Winter) Depot - Ballachulish

BALLACHULISH (Snow Depo	ot)
Landlord/Agent	REDACTED
Location	REDACTED
Distance to Trunk Road	REDACTED
Description	Efficient delivery of operations
	 Well-located for the A82.
	Operational resilience
	 Placed to provide winter resilience during snow events from A82 Glencoe to Tyndrum
	Resourcing
	 The depot is facilitated by operatives from Oban and Corpach Depots during snow events
	Socially and environmentally sustainable
	 Industrial Estate location with no impact on residential areas through noise or traffic
	 Established Depot that will benefit from a salt store

Attachment 3.3 Quarries and Tips

Location and details of all quarries and tips and the like for disposal of construction waste and all other waste.

Listed below are the quarries and tips that the Operating Company shall use to allow the disposal of all types of waste.

Site I	Details		Waste Types			
Site	Location	Operator	Special (Hazardous)	General (Inert, Metal, Bituminous material, Wood, Plastics, Liquid, Paper
