

INTERVIEWER'S INTRODUCTION

Good morning / afternoon / evening. My name is _____ from IBP Strategy & Research. We are conducting research in Levenmouth regarding people's travel habits. The survey is being carried out on behalf of Transport Scotland to help understand the impacts of the reopening of the Levenmouth Rail Link.

The questionnaire usually takes around 15 minutes to complete.

Interviewer, please issue map and credentials note.

I will ask for a name and basic contact details at the end of the survey which will be used only for quality assurance purposes.

Note to interviewer: if respondent agrees to interview, read out the following:

The information that you provide will be held by IBP Strategy & Research and treated in the strictest confidence. The information you provide will only be in aggregate for the purposes of statistical research and no information about your individual response that allows you to be identified will be passed on to Transport Scotland or any other party. Data will be held by IBP Strategy and Research, with anonymised data shared with Jacobs and Transport Scotland. To allow for impacts to be identified, Transport Scotland may also shared anonymised data with other research partners in the future. Your response will be securely destroyed when it is no longer needed for this project. You do not need to answer any questions that you do not wish to and you can withdraw from the research at any time, including after the interview is completed.

Can I confirm that you are willing to proceed on this basis? Interviewer, select button below only if respondent agrees to proceed.
